Building Healthier Communities, Together.

A LETTER FROM OUR CEO

As we prepare to present our Annual Report for 2023-24, I find myself reflecting on the remarkable journey we've undertaken as a healthcare institution. This report is not merely a collection of facts and figures; it is a testament to the dedication and unwavering commitment of our entire team to the well-being of our community.

The theme of this year's report, "The Future of Healthcare Starts Here," underscores our vision for the future—a future where healthcare is not just about treating illness but also about promoting wellness, prevention, and community well-being.

At Cody Regional Health, we've been on an exciting path of transformation. We understand that healthcare is ever-evolving, and we have embraced change to provide you, our valued community members, with the best possible care.

In these pages, you will discover stories of innovation, compassion, and excellence. Our School Flagship Programs have been nurturing the next generation of healthcare professionals, ensuring a bright future for our community's health. We are proud of the dedicated individuals who have contributed to these programs and inspired our students.

Our board members, including Glenn Nielson, Howard Thompson, Angie Johnson, Jen Talich, Kelly Simone, Peter Sidor, and Ty Nelson, have been instrumental in guiding our organization. Their commitment to serving our community and their invaluable insights have strengthened our mission.

In collaboration with First Flight of Wyoming, we are expanding our Emergency Medical Services (EMS) to serve the Big Horn Basin Region. This initiative brings life-saving medical transport services closer to you, ensuring timely care when it matters most. Coupled with our CRH Basin Clinic, we are reaching patients where they are, and providing care closer to home.

Our financial stability remains strong, enabling us to invest in cutting-edge technologies like surgical robotics, CSR and surgical services renovations, new Air Handler replacements, to further improve the quality of care we provide.

Our commitment to community extends beyond healthcare. We celebrate milestones, such as Honor Recovery, Tails & Trails, Thanksgiving Dinner, and Basin Boo Bash, where we connect with you on a personal level.

In these pages, you will also find a listing of our

providers, including 10 new providers who have joined our team or will be joining the CRH medical staff in 2024. Their expertise and dedication are the foundation of our success.

As we move forward, we remain dedicated to shaping the future of healthcare in Cody and beyond. Your health and well-being are our top priorities, and we are honored to serve you.

Thank you for entrusting us with your care. Together, we are building a healthier future—one that starts right here.

Doug McMillan, CEO (Left) & Ty Nelson, Board Chair (Right)

LEADERSHIP

(Left to Right) Angie Johnson, Ty Nelson, Jen Talich, Howard Thompson, Glenn Nielson, Kelly Simone & Peter Sidor

get to know us

Our board comprises dedicated community members deeply committed to the health and welfare of all individuals. They selflessly offer their support to our CRH leadership and staff, ensuring we deliver exceptional healthcare services to our community. Learn why they each enjoy serving and what they contribute to our CRH Family.

Passionate community support for healthcare.

PETER SIDOR

Why do you enjoy serving on the CRH Board?

I am thrilled to serve on the CRH Board as it provides me with the opportunity to contribute to community health and work alongside a diverse group of professionals. I am committed to improving healthcare in our community both now and for years to come.

How do you contribute to making the CRH Board better?

As a physician and former employee, I aim to bring a unique perspective to the board. I am dedicated to advocating for patient-centered care and fostering collaboration for continuous improvement.

ANGIE JOHNSON

Why do you enjoy serving on the CRH Board?

I enjoy serving on the board to become more proactive and knowledgeable about health care for Park County. It is an honor to serve the community in another capacity.

How do you contribute to making the CRH Board better?

I have 20+ years of experience serving on multiple boards. Every board is unique and I bring insight to the table.

JEN TALICH

Why do you enjoy serving on the CRH Board?

I enjoy serving on the CRH board. Having a healthy hospital is an important piece of our community and serving on the board is a way I can give back to Cody, the community that I love.

How do you contribute to making the CRH Board better?

I do not have a medical background, my background is education, administration, business and insurance. I also am a patient of CRH along with my family. So my perspective brings something different to the board and I hope that makes it better!

KELLY SIMONE

Why do you enjoy serving on the CRH Board?

As a West Park Hospital Board member, I enjoy representing staff, providers, and our community, diving into hospital budgeting, insurance, supply chains, and more, gaining insight into healthcare administration post-COVID, and striving to establish CRH as a center of excellence.

How do you contribute to making the CRH Board better?

With diverse skills and experiences, our cohesive team draws from my past service on the school board to understand responsibilities and the importance of preparedness. My healthcare background informs my understanding of board decisions' impact on clinical settings, especially post-COVID.

HOWARD THOMPSON

Why do you enjoy serving on the CRH Board?

To be able to give back to the community I grew up in, where all three of my children were born, and where I was fortunate enough to have made my living for fifty years.

How do you contribute to making the CRH Board better?

By being a good listener and level thinker who has the hospital's best interests at heart.

GLENN NIELSON

Why do you enjoy serving on the CRH Board?

I enjoy learning how medical services are provided in Cody Wyoming and trying to contribute in ways that will ensure affordable and quality services can be secured for future generations.

How do you contribute to making the CRH Board better?

I have the unique perspective of paying for healthcare coverage for hundreds of covered lives through business ownership. As a major payer for healthcare services I have opinions most would not ever be exposed to.

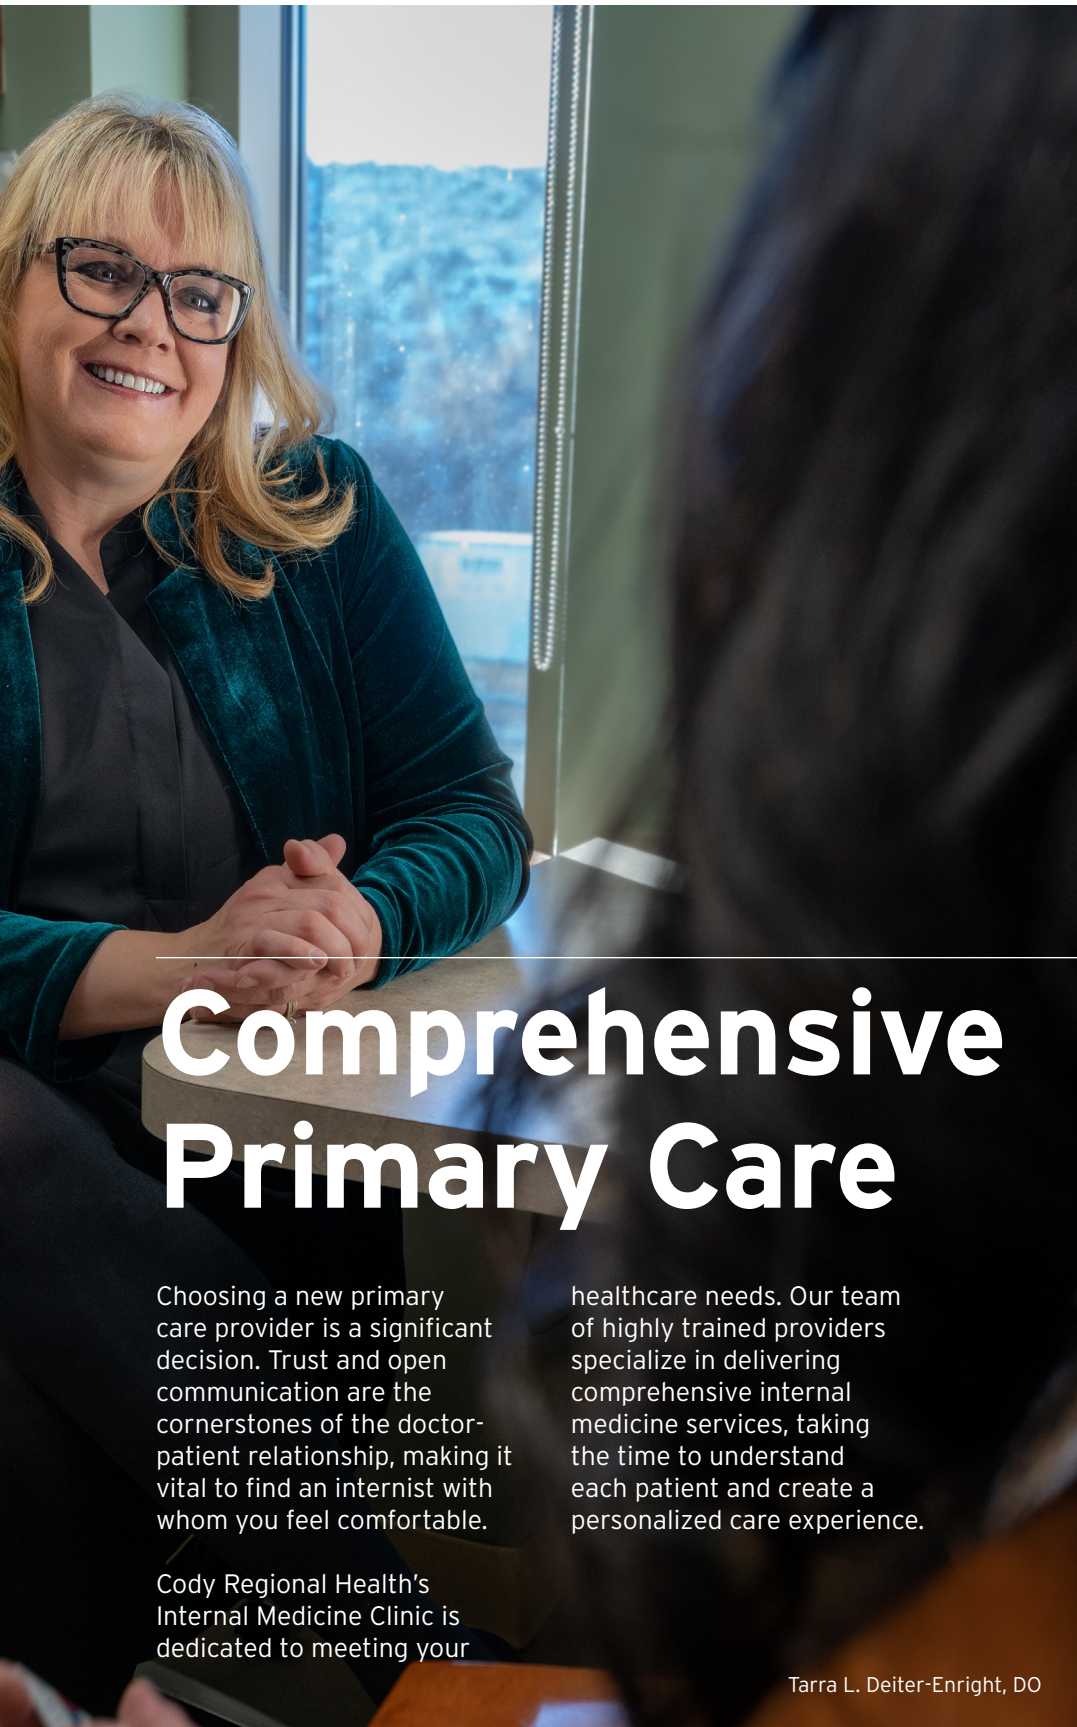

TY NELSON

Why do you enjoy serving on the CRH Board?

Ensuring a strong hospital in rural areas is vital for both healthcare and community prosperity, and I'm committed to supporting Cody Regional Health's crucial role in our community.

How do you contribute to making the CRH Board better?

With extensive financial leadership experience, including 14 years as a bank CEO, I bring valuable expertise to Cody Regional Health's board in overseeing a complex organization that is the largest employer in Park County.

Comprehensive Primary Care

Choosing a new primary care provider is a significant decision. Trust and open communication are the cornerstones of the doctor-patient relationship, making it vital to find an internist with whom you feel comfortable.

Cody Regional Health's Internal Medicine Clinic is dedicated to meeting your

healthcare needs. Our team of highly trained providers specialize in delivering comprehensive internal medicine services, taking the time to understand each patient and create a personalized care experience.

Tarra L. Deiter-Enright, DO

Multidisciplinary Care for a Variety of Conditions

Our providers collaborate as a team to coordinate your medical care. You will receive tailored treatment plans based on your health history and medical requirements. At CRH, our multidisciplinary approach to care includes:

- Conducting thorough physical examinations
- Coordinating care with medical & surgical specialists
- Offering preventative care services
- Diagnosing & managing new medical conditions
- Managing chronic conditions

Internists often serve as the initial point of contact for treating common chronic conditions. Establishing a strong provider-patient relationship is crucial for overall recovery. Effective communication with your provider allows for better assessment and treatment direction. Our internal medicine staff frequently assists patients diagnosed with various conditions, including but not limited to:

- Arthritis
- Diabetes
- Hypertension
- Coronary artery disease
- Congestive heart failure
- Kidney disease
- Lung disease

Questions about our Internal Medicine Team, call **307.578.2975**.

Emily Risley, FNP-C

Emily Risley is a dedicated certified Family Nurse Practitioner, accredited by the American Association of Nurse Practitioners. With a strong nursing background, Emily's journey to becoming a Nurse Practitioner began at Cody Regional Health, where she served as a Registered Nurse in both the Acute Care Unit and Women's Health department. Her extensive experience includes working as a Nurse Practitioner in Women's Health and Primary Care settings.

Emily's patient care approach is grounded in a holistic perspective, prioritizing the overall well-being of her patients. She takes pride in being an essential part of their healthcare journey, providing compassionate and comprehensive care.

Returning to Cody, Wyoming, with her family, Emily is thrilled to once again be part of the community. Beyond her professional life, she treasures quality time spent with loved ones. Emily's favorite activities include camping, hiking, and rafting, reflecting her deep appreciation for the natural beauty and outdoor opportunities that Cody and the surrounding area have to offer.

Shaping Tomorrow's Healthcare Professionals

Cody Regional Health is proud to introduce a transformative initiative that is revolutionizing healthcare education in our community—the Health Careers Kickoff. This pioneering endeavor, a part of our Elementary, Middle School, and High School Flagship Classroom to Careers programs, is designed to inspire, educate, and empower the future leaders of the healthcare workforce.

At Cody Regional Health, we believe in nurturing the aspirations of our youth, and the Health Careers Kickoff allows us to do just that. This year, we embarked on an exciting journey by launching new CPR First Aid and Careers education courses within our local elementary schools during P.E. classroom times. This early exposure sets the foundation for

our young students to explore healthcare careers and learn essential life-saving skills.

For our middle school students in Cody, we offer a comprehensive 22-week Classrooms to Careers curriculum. This immersive experience extends beyond the classroom as we welcome these young minds to our campus at Cody Regional Health Hospital. Here, they engage with healthcare professionals, witness healthcare in action, and gain insights into a variety of healthcare careers. It's an educational journey that opens their eyes to the possibilities that lie ahead.

But we don't stop there. For our high school juniors and seniors, we offer a range of hands-on opportunities that include Job Shadows,

FEATURE

Applicants to medical school in 2022-23 numbered 55,188 – 11.6% fewer than in 2021-22 but 4.1% more than in 2020-21.

A total of 22,712 students enrolled in medical school in 2022-23, about the same as in 2021-22 and 2.1% more than in 2020-21.

Overall medical school enrollment reached 96,520, a 17.8% increase since 2012.

Internships, and Apprenticeships. These experiences allow students to step into the shoes of healthcare professionals, gaining real-world experience and a deeper understanding of their chosen fields.

The Health Careers Kickoff is more than just a program; it's a transformative experience that guides young minds toward fulfilling careers in healthcare. It's about nurturing their dreams and aspirations, and it's about creating a strong foundation for the future of healthcare.

This initiative exemplifies our commitment to shaping the future of healthcare, one student at a time. We look forward to witnessing these students' growth

and achievements as they become the healthcare professionals of tomorrow.

The Health Careers Kickoff is not just an educational journey; it's a legacy in the making. We are proud to be a part of this transformative initiative and extend our gratitude to all those who support us in inspiring and empowering the next generation of healthcare professionals. Together, we are building a brighter and healthier future for our community.

COUNTY DRILL

Watch our 2023 County Wide
Emergency Disaster Drill!

We are proud to announce the successful completion of our county-wide emergency disaster drill!

In collaboration with local emergency responders, our dedicated team at Cody Regional Health demonstrated their commitment to keeping our community safe during unforeseen crises.

The realistic drill showcased our readiness, response, and communication systems, ensuring that we are fully prepared to handle any unexpected situation that may arise.

We extend our sincere gratitude to all participants, including the National Guard and Law Enforcement, for their invaluable support.

This exercise provided us with valuable learning opportunities to fine-tune our emergency protocols, ensuring the highest level of care for our patients.

Seamless Integration

In the dynamic realm of healthcare, Cody Regional Health stands as a beacon of excellence, offering a seamless integration of diagnostic imaging and cancer care services. Our commitment to your well-being drives us to provide you with the best care possible, combining cutting-edge technology with compassionate expertise.

Diagnostic Imaging at Its Best Our Radiology Department is your gateway to comprehensive imaging, serving as the foundation of effective healthcare. From routine radiology tests to intricate interventional procedures, we offer a wide array of services designed to meet your diverse needs.

Certified by the American College of Radiology in mammography, CT and MRI, we ensure that you receive the highest standard of care.

Seamless Collaboration for Your Benefit Our commitment to your well-being extends beyond diagnostics. Cody Regional Health seamlessly integrates diagnostic imaging with cancer care at our Big Horn Basin Cancer Center, ensuring a holistic approach to your health.

Comprehensive Cancer Care At the Big Horn Basin Cancer Center, we provide residents throughout Northwest Wyoming access to leading oncologists and state-of-the-art technology. As the only facility in the region offering both radiation and medical oncology treatments, we cover a wide range of cancer care needs.

Integrative Care Close to Home Our focus on integrative care brings together mainstream medical therapies with holistic

approaches to cater to your body, mind, and spirit. We prioritize your comfort from the moment you step through our doors, and ensure you receive comprehensive support throughout your journey.

A Partnership That Puts You First At Cody Regional Health, we treat you like family, dedicating ourselves to your healing and well-being. Our integrated approach ensures that you receive the right diagnosis and follow it with the best possible cancer care.

Your health remains our top priority. Whether it's diagnostic imaging or cancer care, your journey to better health starts here, at Cody Regional Health. We're here to support you every step of the way, offering personalized, compassionate, and comprehensive care that sets the standard in our community.

Elevating Patient Care

Elevating Patient Care At Cody Regional Health, our commitment to providing exceptional healthcare services continues to drive us forward.

What is the Hospitalist Program? The Hospitalist Program is an initiative that transforms the way we care for our patients within the walls of Cody Regional Health. This program focuses on delivering specialized, in-house care to hospitalized patients, enhancing the quality of care, reducing wait times, and ensuring a seamless continuum of care from admission to discharge.

Dedicated In-House Physicians Under the New Hospitalist Program, our dedicated team of hospitalists include board-certified physicians with expertise in managing complex medical conditions. These physicians oversee the care of patients during their hospital stay, coordinating with specialists and collaborating closely with primary care physicians to provide comprehensive and personalized treatment plans.

With immediate access to specialized care, our patients experience shorter hospital stays, reduced complications, and a higher likelihood of a full recovery.

The Hospitalist Program ensures clear and timely communication between medical teams, resulting in more effective care coordination and informed decision-making.

Patients benefit from faster evaluations, diagnoses, and treatment initiation, leading to improved patient satisfaction and overall experience.

Our hospitalists work closely with case managers to facilitate a smooth transition from the hospital to home or another care setting, ensuring continued recovery and support.

Our Commitment to Excellence The Hospitalist Program is a testament to our commitment to elevating patient care. We understand that during a hospitalization, patients and their families seek both medical expertise and compassionate support. Our hospitalists embody these qualities, providing not only advanced medical care but also a caring presence during challenging times.

Benefits

- Improved Patient Outcomes
- Enhanced Communication
- Reduced Wait Times
- Streamlined Discharge Planning

“Empowering patients through education is my passion and privilege.”

— Roy Peters, MD
CRH Hospitalist
Medical Director

Looking Ahead

As we continue to expand and improve our services, Cody Regional Health remains dedicated to advancing patient care, enhancing patient experiences, and meeting the evolving healthcare needs of our community. The New Hospitalist Program is just one of the many initiatives that demonstrate our unwavering commitment to the well-being of our patients.

We thank our medical staff, dedicated healthcare professionals, and community partners for their support in making this program a reality. Together, we are shaping the future of healthcare in Cody and beyond.

Cody Regional Health is proud to announce the appointment of Roy Peters, MD, as our Hospitalist Medical Director. Dr. Peters brings a wealth of experience and expertise to this pivotal role, and we are thrilled to have him lead our Hospitalist Program.

With a distinguished career dedicated to patient care and a strong commitment to excellence, Dr. Peters is ideally suited to spearhead our efforts in elevating the quality of healthcare we provide within our community.

As the Hospitalist Medical Director, Dr. Peters will play a central role in shaping and overseeing

our Hospitalist Program, ensuring that our patients receive the highest standard of care during their hospital stays. His leadership will be instrumental in enhancing patient outcomes, improving care coordination, and streamlining the delivery of medical services.

Dr. Peters' dedication to compassionate patient care and his ability to foster collaboration among medical teams align perfectly with our organization's values. His expertise will guide us in achieving our mission of providing exceptional healthcare services and enhancing the overall well-being of our patients.

We believe that Dr. Peters' leadership will significantly contribute to the success and growth of our Hospitalist Program. His presence embodies our commitment to providing not only advanced medical care but also a supportive and caring environment for our patients.

Please join us in welcoming Dr. Roy Peters as our Hospitalist Medical Director. We look forward to working together under his guidance to achieve new milestones in patient care and to continue serving our community with excellence.

Questions about our Hospitalist Program, call
307.527.7501.

Expanding Emergency Medical Services

At Cody Regional Health (CRH), we are dedicated to providing our community with accessible and high-quality healthcare services. We are excited to introduce two transformative initiatives that will significantly enhance our ability to serve the residents of the Big Horn Basin region: First Flight of Wyoming (FFoW) and the CRH Mobile Clinic.

A Lifeline in the Sky First Flight of Wyoming is a vital addition to our region's healthcare resources. This medical flight program ensures that residents have access to life-saving medical transport services seven days a week. FFoW now operates 24/7, ensuring that high-quality medical flight services are accessible to the community around the clock.

In a joint venture between Cody Regional Health and Intermountain Health - St.

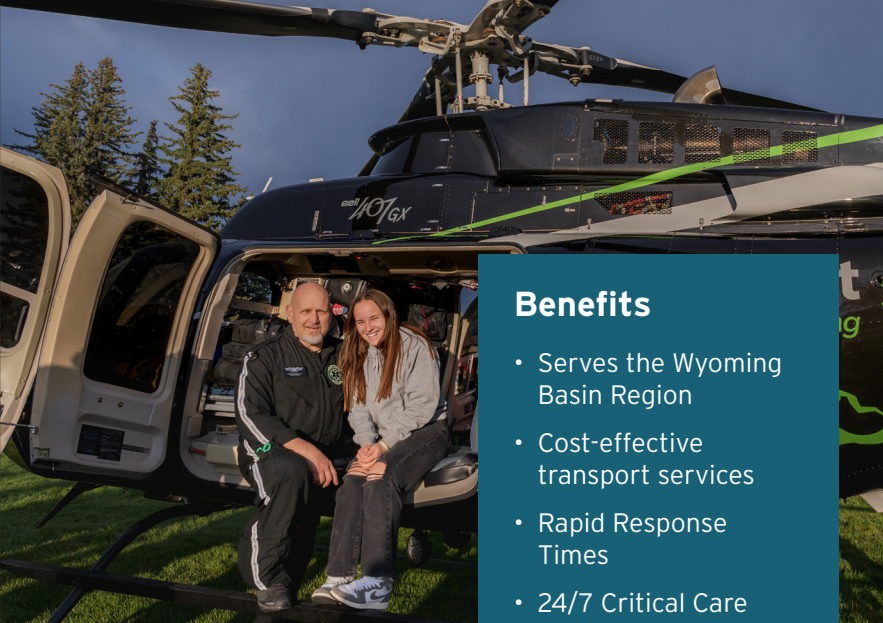

Vincent, FFoW represents a collaborative effort to provide high-quality and cost-effective transport services to the Greater Wyoming Basin Region. Cody Regional Health boasts the largest EMS network in Northern Wyoming, while St. Vincent Healthcare, now part of Intermountain Health, has been operating HELP Flight, an air medical transport program, for over four decades. Together, our

commitment to timely, high-quality medical transport remains steadfast, and we are eager to serve Northern Wyoming and Southern Montana.

FFoW's presence in the region is a testament to our commitment to ensuring every Wyomingite, regardless of their location, has access to the best possible medical care when they need it most.

"This program will serve the needs of the Greater Wyoming Basin Region with high-quality, cost-effective transport services."

– Keith Ungrund, President of FFoW

Benefits

- Serves the Wyoming Basin Region
- Cost-effective transport services
- Rapid Response Times
- 24/7 Critical Care Transportation

Bringing Care to Your Doorstep

In tandem with FFW, Cody Regional Health introduces the CRH Mobile Clinic. This cutting-edge initiative is a mobile extension of our healthcare services, designed to bring immediate care and diagnostics directly to patients in their communities. The Mobile Clinic is staffed by a highly trained medical team and equipped with advanced medical equipment.

The CRH Mobile Clinic serves as an integral component of our EMS services, working in conjunction with FFW. In non-emergency and prolonged emergency situations, the Mobile Clinic serves as an invaluable

tool to complement our ground and air medical services. This collaborative approach ensures that patients receive timely and appropriate care, tailored to their specific needs. This collaborative approach guarantees that patients receive the right care, at the right time, and in the right place.

Our Commitment to Community Health

These two initiatives—First Flight of Wyoming and the CRH Mobile Clinic, underscore our unwavering commitment to providing accessible, high-quality healthcare services to the Big Horn Basin Region. We recognize that access to timely medical care can be a matter of life and death in our vast and challenging terrain, and we're proud to be at the forefront of enhancing emergency healthcare in our community.

Mobile Clinic Includes

ADA Accessible

Self sustaining

Multi-Purpose area includes: seating, registration, bathroom, wash station & private exam room

CRH Network to access patient records

We invite you to celebrate these milestones with us and to explore the life-saving capabilities of FFW and the convenience and efficiency of the CRH Mobile Clinic. Together, we are shaping the future of healthcare in the Big Horn Basin Region, and we remain dedicated to the well-being of our community, now and in the future.

Da Vinci Robotics

Revolutionizing Surgery Cody Regional Health is proud to introduce the groundbreaking da Vinci Surgical System, signifying a monumental leap in healthcare services for Cody and the Big Horn Basin region. This remarkable technology represents a significant advancement in surgical capabilities, benefiting both our patients and surgical team alike.

Precision and Minimally Invasive Surgery The da Vinci Surgical System is celebrated for its precision and minimally invasive capabilities, redefining surgery. It significantly reduces surgery time, promotes faster patient recovery, and minimizes the need for post-operative pain medication. This ensures enhanced patient comfort and reduces the overall healthcare burden.

Empowering Surgeons and Patients Dr. Thomas Etter, General Surgeon, highlights the transformative impact of this acquisition, saying, "The da Vinci Surgical System is a game-changer. Its precision and minimally invasive features empower us to perform complex procedures with unparalleled accuracy. Beyond benefiting our patients with reduced surgery time and faster recovery, this technology equips our surgical team to provide the highest standard of care."

"The da Vinci Surgical System highlights the unwavering support of our community. This technology allows us to provide world-class surgical care while keeping our patients close to home."

– Doug McMillan, CRH CEO

Experiencing the groundbreaking capabilities of the da Vinci surgical robot firsthand, our team witnesses the future of precision surgery unfold before their eyes.

If you have more questions about our Surgery, visit CodyRegionalHealth.org or call 307.578.2043.

SURGERY

Offering NEW PH Manometry testing

We can now tailor treatment plans to each patient's unique needs. By offering PH manometry, we empower our patients with accurate diagnoses and personalized care, ultimately improving their quality of life and overall well-being.

The system is scheduled to become operational this March 2024, heralding a new era of surgical excellence in the Big Horn Basin Region.

Cody Regional Health remains steadfast in providing exceptional healthcare services,

bolstered by the generosity of our donors and the unwavering dedication of our Foundation. Together, we are propelling healthcare excellence throughout our region.

Treatment Options

pH/Manometry Tests Offer Solutions

Outpatient Tests

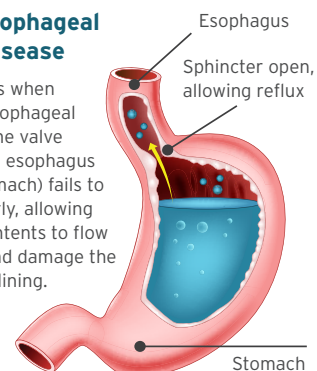

Individually Performed

Manometry Test Measures Esophageal Mobility

Greater Mobility with LSVT BIG Therapy

Cody Regional Health (CRH) is proud to introduce our latest innovation in rehabilitation services: LSVT BIG Therapy. Tailored to individuals with Parkinson's disease, this intensive physical therapy program is designed to enhance mobility, balance, and overall functional abilities.

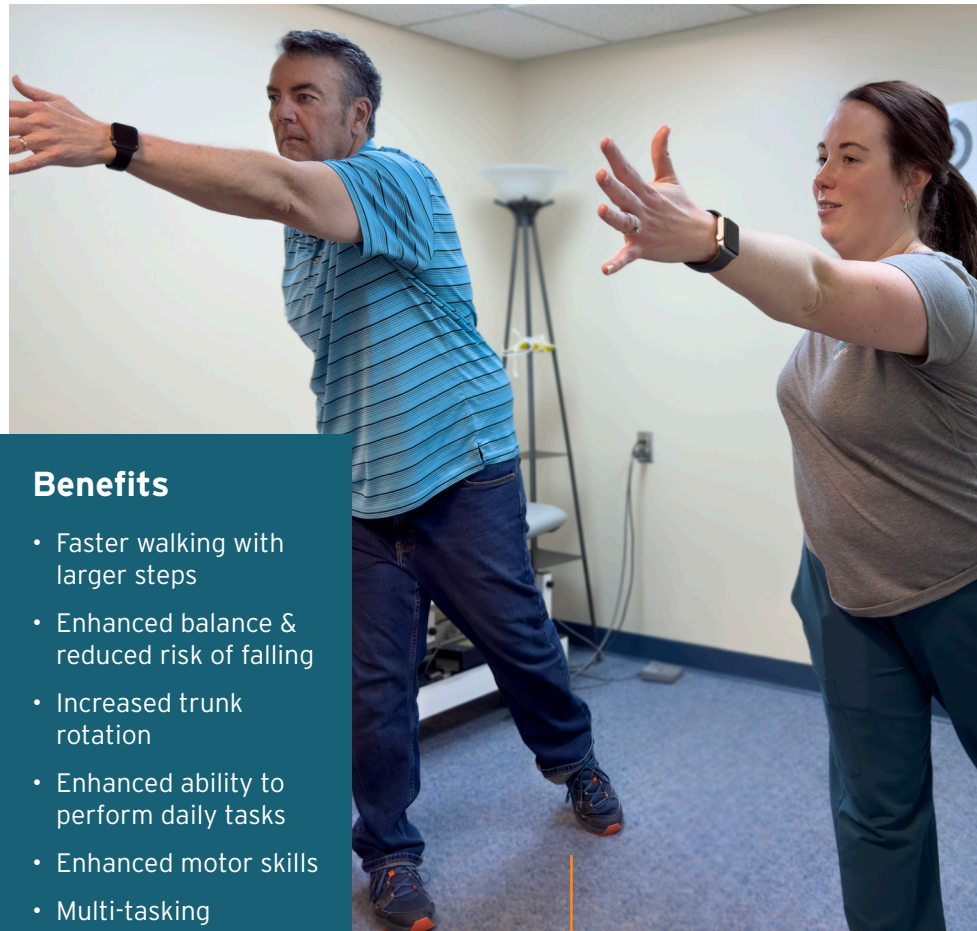

Research has shown that LSVT BIG Therapy can lead to significant improvements in various aspects of movement and daily functioning.

At CRH, our certified physical therapists deliver LSVT BIG Therapy with a personalized approach, ensuring that each individual's unique goals and needs are addressed.

Our comprehensive program includes:

- Large amplitude exercises targeting the entire body
- Personalized functional skills practice
- 16 sessions conducted over 4 consecutive days a week for 4 weeks
- 60-minute one-on-one therapy sessions
- Daily home exercise practice

In addition to LSVT BIG Therapy, Cody Regional Health offers a wide range of rehabilitation services to support individuals on their journey to recovery.

Benefits

- Faster walking with larger steps
- Enhanced balance & reduced risk of falling
- Increased trunk rotation
- Enhanced ability to perform daily tasks
- Enhanced motor skills
- Multi-tasking capabilities during walking

SERVICES

Meet Our New Board Members

Dr. Douglas Peterson, a fourth-generation Wyomingite, brings medical expertise and a deep love for Cody to the Cody Regional Health Foundation Board. With leadership roles at Mayo Clinic, Dr. Peterson is committed to advancing healthcare in the Big Horn Basin. In retirement, he enjoys family time and fly fishing, aiming to guide Cody Regional Health's growth for the community's benefit.

Karen Brooks McWhorter serves as the Collier-Read Director of Curatorial, Education, and Museum Services at the Buffalo Bill Center of the West. She is a dedicated member of the Cody Regional Health Foundation Board, committed to the community's well-being. Karen's advocacy and resourceful approach contribute to positive change in Cody, reflecting her passion for the region.

Kelly Jensen, a passionate addition to the Cody Regional Health Foundation Board, brings professional fundraising expertise to serve Cody and the Big Horn Basin. With a background in remodeling historic homes, she values community connections and exceptional healthcare in small communities. Kelly's enthusiasm for supporting Cody Regional Health's growth aligns perfectly with her role on the board.

The CRH Foundation extends gratitude to its board members for their dedication and service. The board members are volunteers from various backgrounds sharing a passion to support healthcare in our community.

Our board members play a vital role in the Foundation's success by providing strategic guidance, building fundraising support, and advocating for our mission. We are grateful for their hard work and commitment to making Cody Regional Health the best it can be.
