

LIVING MADE LOVELY

Long Term Care Center
Cody Regional Health Foundation

“The furniture might seem like a small thing,
but it makes a huge difference in her daily life.”
–Cindy Orndorff, Cindy’s mom, Rose, is a current resident

Heather Stambaugh, Foundation Director

Living Made Lovely

Cody Regional Health's Long Term Care Center. We seek to provide compassionate care to residents seeking a comfortable, nurturing environment in which to live and heal.

Foundation

We are a community of caregivers dedicated to this goal. Our center offers respite, short-term rehabilitation, and long term care. Beyond medical care, we enrich daily life with delicious meals, laundry, housekeeping, emotional care and support and engaging social activities.

We are seeking support for our resident rooms. These are the rooms where our residents sleep, lounge, and spend their quiet time. It is their home away from home.

Our Ask: Help us give our LTC some TLC

The resident room nightstands on both floors and the wardrobes in the first floor rooms have a great deal of wear and tear and are beyond their expected lifespan. Much of the furniture is over 20 years old and is in desperate need of an upgrade. To fulfill the need, we will purchase, assemble and install 76 bedside cabinets and 38 wardrobes. Some of our long term care center rooms have built-in wardrobes, which reduces the number of wardrobes needed. Cody Regional Health's Long Term Care Center has a resident council, which has selected the style of furniture they would like based on the necessary size and quality needed to meet the requirements for cleaning and safety.

"It'd be good to spruce it up!"

-- Millie, a resident who serves as the resident council president
Millie helped to select the furniture that will best fit the resident rooms.

Our Goal: Living Made Lovely

We want to offer a comfortable home-like environment for each resident. Our long term care residents deserve comfort and quality in their rooms...their home away from home. Help us refresh their space. Help us make our residents' rooms lovely with new wardrobes and bedside cabinets. Our total campaign goal is \$125,000. This includes furnishings, assembly and installation as well as removal of the old, tattered pieces.

When my mother moved into the Long Term Care Center, we knew it was to be her home, not just a place where she stays but where she lives. That is why comfort matters so much.

--Cindy Orndorff (Cindy's mom, Rose, is a current long term care resident)

The Impact:

The sooner we can raise the funds; the sooner we can offer this *Living Made Lovely* upgrade to our residents.

- Our residents want to feel comfortable and at home. New furniture can make a big difference!
- A refreshed environment positively impacts staff morale—giving them pride in the place they work. Not to mention, these furnishings are easier to clean!
- When families visit and consider if the Cody Regional Health Long Term Care Center is the right fit, they can imagine their family member residing in nicely furnished room that demonstrates a homelike feeling.
- The more residents we keep close to home, the easier it is for families to visit and the better quality of life our residents can maintain.
- A quality facility means we can keep this resource in our community for years to come!

“It is extremely important for our residents to feel like they are housed in a place that is comfortable and exquisite as their own homes were. I would encourage any and all to consider supporting this effort financially, as it is a true reflection of how we value our elderly in our community. We should never forget about the dignity of those who played such an important role in our upbringing and successes.”

--Howard Thompson, Hospital Board Trustee and Foundation Board Member
Howard’s mother was a resident of the Long Term Care Center at Cody Regional Health

Your gift can help!

- \$400 provides a new bedside cabinet for one resident room.
- \$1700 provides a shared wardrobe closet for one resident room.
- \$2100 provides furnishings for one room.
- \$10,500 furnishes 5 rooms.
- \$21,000 furnishes 10 rooms.
- \$50,400 furnishes 24 rooms.

“It is a huge impact on the morale of our staff and the enhancement of our residents’ quality of life when we can offer surroundings that are both functional as well as aesthetically pleasing.” --Laura Carpenter, Administrator, Long Term Care Center

Supporting the *Living Made Lovely* Campaign is easy as 1, 2, 3.

1. Make a gift on-line at www.crhgive.org, select Long Term Care from the dropdown menu
2. Call us at 307-578-2337 to discuss “smart” giving, (stock, DAF, charitable gift) OR provide credit card over the phone
3. Send a tax-deductible donation to Cody Regional Health Foundation 707 Sheridan Avenue, Cody, WY 82414. Write Long Term Care or “Lovely” on the check or in a note.
